Position: CAD Drafter Intern

Pay: \$10/hr

Job Description

Keystone Land Surveying seeks a highly motivated Computer Aided Drafting (CAD) intern. The position will be on site at our Lawrenceville location. Your role will be to work with guidance and direction on tasks and smaller projects, and as a team member on larger projects under the direction of senior leadership. You will also learn the fundamentals of Land Surveying and Site Design.

Position Requirements

- Computer literacy with word processing, excel, and other standard office software.
- Interest in pursuing a career in land surveying, civil engineering, or a related field.
- Strong interpersonal, verbal, and written communication skills.
- Detail oriented.
- Ability to follow directions and work with a team.
